Foil Critters

Age: 3 years and up

What’s needed
- Aluminum foil
- Pipe cleaners

What to do
1. Give each child a large sheet of aluminum foil.
2. Let them make a critter out of their foil. Younger children will likely make a ball, but older children will be able to make simple animals such as snakes, birds, mice, etc.
3. After shaping the foil, use markers to draw on the critter.
4. Add pipe cleaners to poke, twist and add features to the sculpture.

What children will learn
- Sculpture, creative expression
